

Northern Neck Planning District Commission Annual Work Program FY 2017-18

INTRODUCTION

The 2017-18 Work Program for the Northern Neck Planning District Commission contains specific work elements and a budget for the fiscal year ending June 30, 2018. The work program is based on requests from the Commission's member localities and on State and Federal grant activities. It is intended to be flexible and adaptable to meet varied and changeable requirements of the divisions of governments involved.

WORK PROGRAM OBJECTIVES

The Northern Neck Planning District Commission, a voluntary association of local governing bodies, endeavors to address local issues and to solve problems with regional significance and impact through mutual cooperation. These regional issues cannot be solved efficiently by each county alone.

Objectives of the 2017-18 Work Program are:

- To represent the unified needs of member governments through the role of a regional forum and/or spokesperson;
- To fulfill the need for developing regional plans and/or programs whenever compatible goals and objectives exist;
- To create an awareness of the need for regional compatibility along boundaries;
- To fulfill a collective need for all member government needs by providing up-to-date data and statistics.

WORK PROGRAM CATEGORIES

ADMINISTRATION: Administrative activities and costs include those necessary to maintain the Commission's operations. The administrative function is intended to provide efficient and responsive operations through sound financial, personnel, and program management. Administrative costs are distributed to all program areas by an indirect cost-allocation plan in accordance with state and federal guidelines. Work program elements include financial management and bookkeeping, personnel management, work programming, secretarial functions and correspondence, commonwealth intergovernmental review, grant seeking, and release time (annual, holiday, sick leave).

REGIONAL PROGRAMS: Regional programming includes intergovernmental coordination, review and assistance, economic development activities, transportation planning, grant program identification and applications, environmental planning and local requests. A combination of the basic State PDC allocation, the Virginia Department of

Rail and Public Transportation, Virginia Department of Transportation, Federal Highway Administration, the Department of Environmental Quality Virginia Coastal Zone Management Program, Economic Development Administration, Department of Housing and Community Development, Department of Conservation and Recreation, Department of Emergency Management, USDA Rural Development, National Fish & Wildlife Foundation, and County contributions provide funding for these services. Specific activities include the following:
